Your Own Branded Mobile App

Give more to gain more

Give customers a Mobile App containing powerful tools and avoid the investment and complexity of developing mobile apps.

You get

- ▶ A powerful branded mobile app for unlimited distribution to your customers available on Android & iOS
- ▶ Industry-scale features that aren't available elsewhere
- ▶ Comprehensive marketing materials for promotion
- ▶ A low cost way to increase customer loyalty, retention and new clients

Your customers get

Base Version

- ▶ See a directory of your offices and chat with designated contacts in your company
- ▶ Track any AWB or container on supported carriers
- ▶ Look up flight and sailing schedules
- ▶ Send rate requests
- ▶ View promotional messages from you via the mobile app

Plus Version

- ▶ Includes all Base features and detailed visibility to their shipments in WIN (you control the access and security)

Why you need to get started

Mobile apps is one of the fastest-growing industries in history and is the next frontier in freight forwarding. Establishing yourself as a mobile provider differentiates your company from competitors, increases customer retention and satisfaction while attracting new customers.

Reviewing and publishing a mobile app is costly and a hassle but with WIN's Mobile App for your business, you can bypass the frustration knowing that we've got you covered.
