- ▶ 打败竞争对手
- ▶ 让客户接受您的产品
- ▶ 提供销售支持

The screenshot displays the WIN 3.0 user interface. On the left is the 'Agent Directory' with search filters for Agent Name, Networks, Country, and City. The main content area features a 'Catapult International' pop-up window titled 'Catapult QMS Lite™'. The pop-up text reads: 'Imagine a world where all of your transportation rates are in one location - a rate repository of international and domestic - air, ocean and ground - in one system. Introducing Catapult QMS®. Simply choose your origin, destination and mode. All of your options appear on one screen.' It also includes a 'Get Started Today!' section with three numbered steps: 1. Visit www.rate-hub.com now and sign up. 2. Download their easy to use template spreadsheet and start entering your rate information. 3. Upload the template to save your rates into QMS and make them instantly available to agents all over the world! At the bottom of the pop-up are buttons for 'Visit website now', 'Contact', and 'Cancel'. On the right sidebar, there are advertisements for 'CARGOSPHERE', 'Scope' (Innovation in Logistics), and 'rate hub' (Instant International Shipping Rates Are Just a Click Away).
