

WIN Job Orders

Work with agents electronically

WIN Job Orders connects agents to each other and to carriers allowing your systems to exchange shipment data, tracking milestones and documents securely for shared end-to-end visibility, greater speed, efficiency and accuracy.

Regardless of which system you use, one single system connection to WIN Job Orders lets you work with ALL your partners electronically!

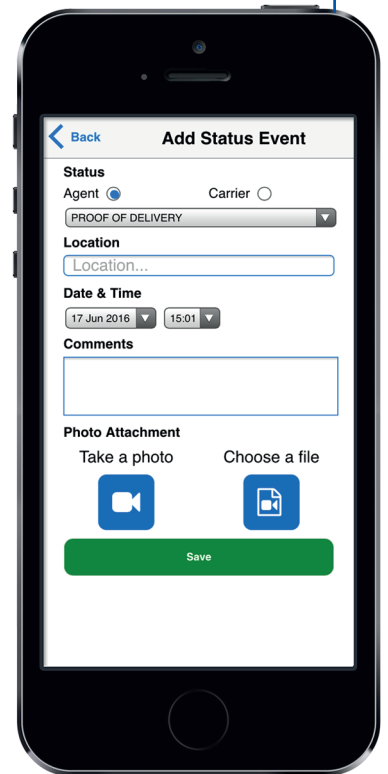

- ▶ Increase visibility
- ▶ Save time
- ▶ Avoid error prone manual data entry
- ▶ Eliminate the need for email pre-alerts

WIN Job Orders can be used;

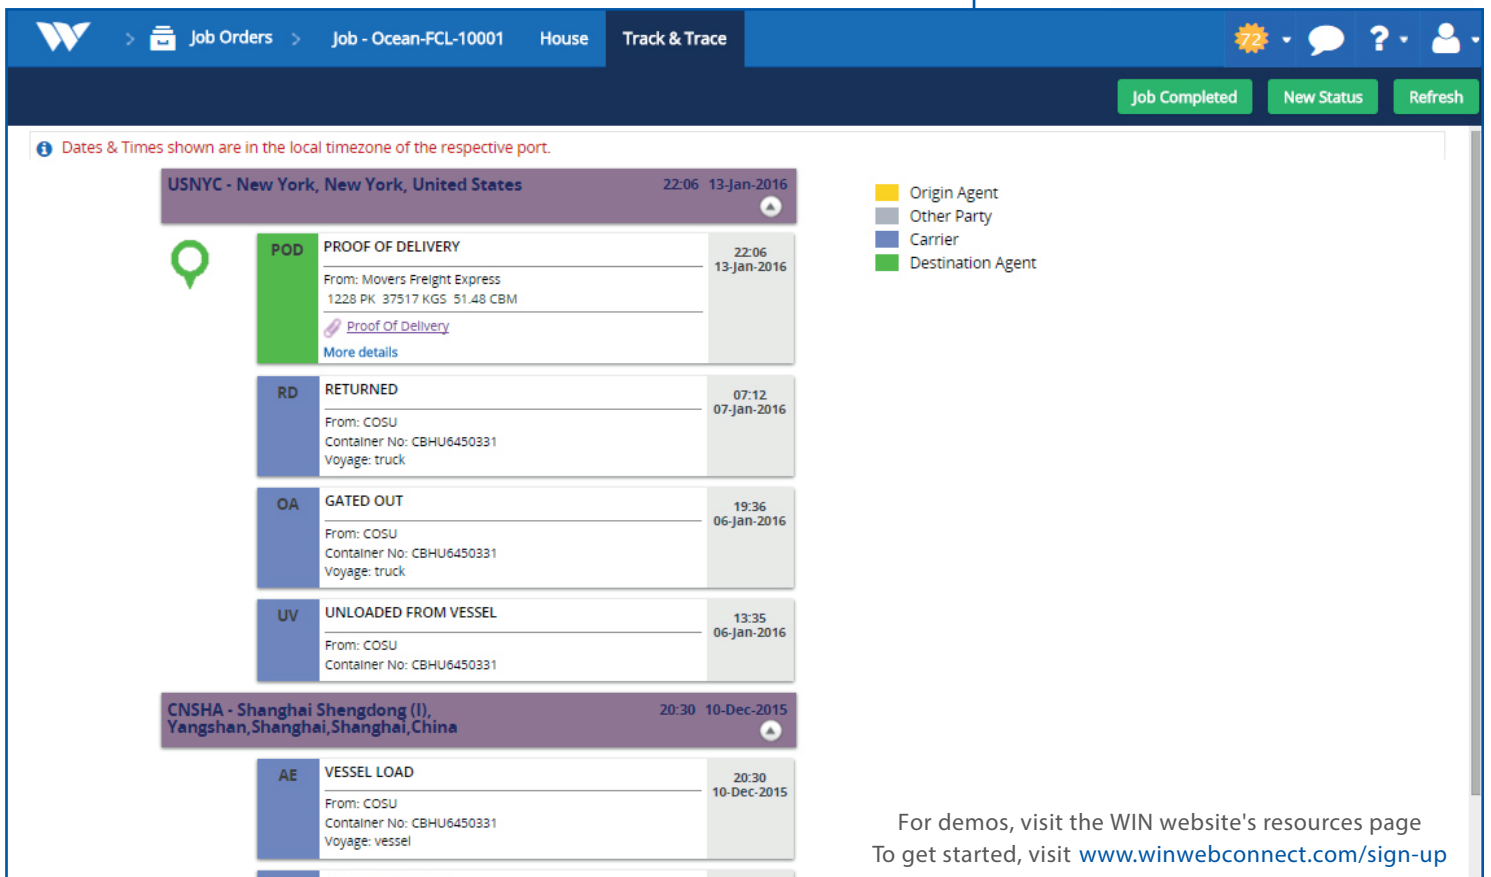

- (1) Integrated into your own operational software.
- (2) On the WIN website and on the mobile app where any agent can participate in shipment data exchange immediately.

Visit www.winwebconnect.com/softwarepartners see if your software has already integrated with WIN; if your software has already integrated with WIN you may start sharing shipment data with other agents/software with WIN Job To nominate your software or for more information, contact info@winwebconnect.com.
