

WIN Universal AWB Tracking

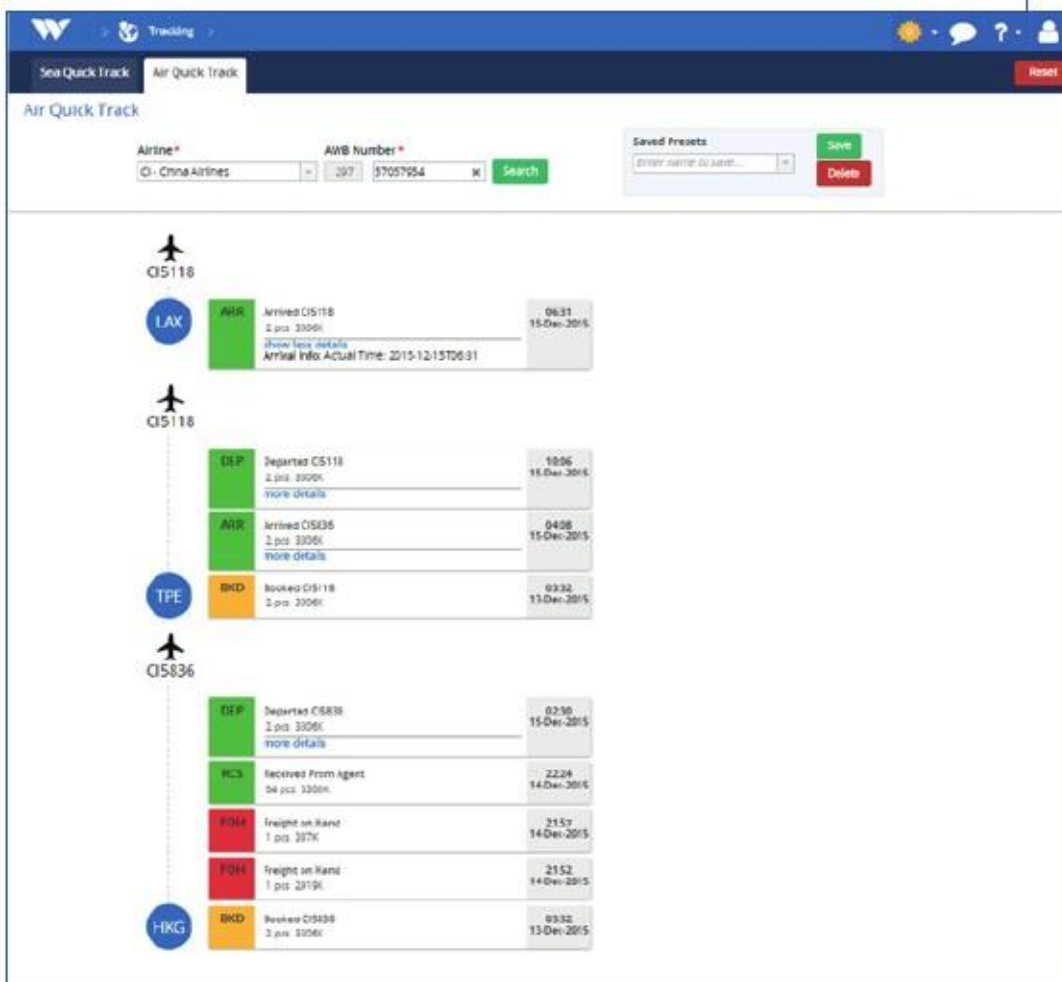

Track any AWB

WIN Universal AWB Tracking (UAT) is available three different ways;

- (1) Add an AWB tracking tool to your website (White Label)
- (2) Integrate your system to get AWB statuses

- ▶ Stop surfing carrier websites
- ▶ Equip your staff with the most efficient way to stay informed about the status of any AWB
- ▶ Give your customers a powerful self-service tool to track their AWBs on your company website
- ▶ Using WIN's simple web-service API, your system can have the latest statuses on AWBs automatically
