The screenshot displays the WIN Airfreight interface. On the left, a 'Filter' sidebar is visible, with 'Import AWBs' and 'As Consignee or Notify' (count: 4) highlighted in a red box. The main area shows a grid of AWB cards. Each card is color-coded: green for 'Shipment Accepted', blue for 'Updated', and green for 'NFD'. The cards are arranged in a grid, with three cards in the top row and one card in the bottom row. An arrow points from the text 'Each card represents an AWB and is color coded according to status' to the grid of cards.
